Live and Dressed Weight of Cattle. Mesers. Swan, of Edinburgh, the wall known cattle desire, write as follows regarding the proportion of the best netted to the live weight of cattle: "We should say that well finished two year old cattle will jield sixty to sixty two lbs. of best for one hundred lbs. live weight. The primer the quality and the younger the animal the more beef is given. For a finished three year old buildow we should say from fifty eight to axity one lbs. of beef per hundred lbs. live weight. We calculate that Canadan 1. cattle will yield fifty five to fifty eight lbs. according to quality. In weighing them sinve, in order to get at the dead weight, they should be feated wedves hours, or, if weighed fall, or after being fed and watered, adoution of five per cent on this secount should be taken from the gross live weight.

A SPRAY OF ARBOR VITA

His sin was, he had kissed a girl,
Not me! My young heart fiercely heatic
Vas in a mad and jealons whirl,
For who in love can bear such cheating!
"Who cares for sprays of arbor vites?"

Fond little fools! Our love was scaat
Of things mundane or things supernal,
Yet oft through flowers, or tw g of plant,
We told our thought. So 'love elernal
Spoke in this spray of arbor vitse.

Ah wall! At last I stretched my hand, Only too glad to grasp the token, Our young lips met at 1.ove's command, A love saved by the spray unspoken, Poor little spray of arbor vites!

THE MANUFACTURER. ERE CAN THEY SE REPAIRED BEST & CHEAPEST ?

30 years' experience, steam power and good machinery, enable me to give my cust-ware-best value. Parties desirous to get a first class Machine, would save money by gobing the Banarry Strouss. I have good working ma-chines of other make, family and manufacturing, on hand very cheap. I also rent those made. I am the only manufacturer between Montreal and Hamilton.

And then consumered that silent man
Across the dearst sand,
No sund except the resulty treed
Or low, half-hush-de mmand,
Aret—and thou once more on lock,
Test—and thou once more on lock,
Bill close to the deadly trench
Pressed on the thin sed line,
Now rilence, silence on your lives,
No word above your breath,
If I want of the deadly trench
Twould mean a sweeping death

Awaim mean a weeping useque.

At last rang out their bugle notes, Upon the mornine air.

And in the gloom the rifle flash Told is the foe was there; One instant ps. se to flat our steel, and with a cheer that rest the air.

The Highlanders runded on, And soon their flushing bayonets quarter living chain of fire; Hurnal the foremest treach is wor. The rebell a unthe settine.

The New York World—a leading Domo cratic journal having suggested, as a bit of pleasantry, that now Eurl Beaconsided is dead, Sir John Macdonald is the only living man who has tack enough to extridead, Sir John Macdocalit is the only living man who has teed enough to extricate the Republican party from the diffusion to the Republican party from the result into into which it has been led, the Grit papers take the suggestion as serious and express the hopothat Sir John will go to the United States and undertake the task for which the World proclaims this untrivals led fittees. Dif course the Opposition would be glad to get rid of Sir John, but that great statemann has plenty of work to do at home, and won't go. However, if he wished to undertake the task sought to be assigned him, he could ascomplish it successfully without leaving Ottawa, and still have time enough to counterset the unpatriotic schemes of his opponents in the Dominson.

A FEW FACTS ON LIFE ASSURANCE.

LIFE Assurance is a MECESSITY to almost every one, and when obtained, should be main tained with the ulmost fidelity.

Life and Health are of too transitory a nature to be triffed with.

A Life Assurance Policy is property, valuable in proportion to the amount of morrorests.

The legal'y required deposit is in the hands of the Receiver General, and the Company's inces under the supervision of the Dominion Improvor of Insurance.
